

# One Real Day

## Parent Conference/Seminar

With Billy Lord & Scott Davis

### **Purpose:**

*This event is designed to encourage, train and challenge parents about what a Biblical Worldview is and assist parents in partnering with and supporting your school or church in developing students with a Biblical worldview.*

### **Venue:**

As a pre-conference to the One Real Day Conference, the venue will need to be whatever facility where the One Real Day Conference will be held. As a stand-alone event, it can be held in any venue conducive to a two-hour speaking and music presentation.

### **Program:**

The One Real Day Parent Conference/Seminar is a two-hour program to engage parents through worship, fun, teaching, media, and biblical principles.

### **Leaders:**

SCOTT DAVIS, the founder of Get Real Conferences, is a nationally known comedian, author, radio host, speaker, and singer. He is a graduate of Liberty University and has traveled to all 50 states and twenty-six countries. He uses humor to connect with people and the Bible to teach Biblical principles. He is unapologetic in his commitment to the Bible being the inspired, inerrant Word of God.

BILLY LORD is the Get Real Conferences worship leader. He is also a speaker and a featured presenter at the Get Real and One Real Day Conferences. He is a singer & songwriter and has served at several churches as a worship pastor. In addition, he is a facilitator of many discipleship groups and worship workshops. He's shared the stage with Mark Hall of Casting Crowns, Mark Lowry, formerly of the Gaither Vocal Band, and Speaker/Author/Pastor, Andy Stanley of North Point Ministries in Alpharetta, Georgia, among others.

### **Worship**

Billy Lord will lead in several moments of worship throughout the evening. The songs are chosen to get parents to engage with singing and worship. If you are also hosting the One Real Day Spiritual Emphasis Conference, then several of the songs are the same ones Billy will lead the students in the next day.

### TOPICS

#### ***A Biblical Worldview in an Unbiblical Culture***

Scott will present an overview of WHAT is a worldview and how important it is. To be effective biblical Christians, we must read the Bible in order to read the culture. We read the Bible first so we will know how to read the world news next. He will discuss the decline of our cultural norms and how this has affected our children and educational system. He will discuss the Biblical foundation that must start at home. This is not an exhaustive presentation of a Biblical Worldview, but an overview of what it is and how we should filter everything through the Bible.

#### ***Media: To Whom Are Your Kids Listening?***

Billy will discuss the climate in which our children live and how a parent can help guide them through the "mine fields" of media and social media.

#### ***The Gospel Changes Everything***

Scott will discuss the impact the Gospel makes on our worldview, education, and life. He will also share the Gospel and allow parents to respond. We are finding that more and more parents of Christian school children are sending their children to a Christian school primarily for the educational benefit without much concern for the spiritual dynamic. Parents can't lead their families well without Jesus at the center of their families. This principle will apply to all parents of children whether they attend a Christian school, non-Christian school, or are homeschooled.

### TOPICS

#### ***A Biblical Worldview in an Unbiblical Culture***

In a world where many voices are speaking to our children, Linda Merriott will encourage parents to know that their voice is the most important and the one most heard by their children, no matter the age. She will address the need for parents to teach children a Biblical Worldview by providing Biblical truths that will allow them to think and act as Christ-followers. To instruct their children, parents will learn how to recognize the biases, disinformation, and falsehoods that are being systematically taught as truths in our current society through media and many education systems.

Parents will receive a systematic plan of teaching a Biblical Worldview which can be put into practice as a family in a devotional type routine with activities and discussions. Linda will also share a "surefire" way of maintaining a close relationship with your children for a lifetime. The Bible, the attributes of God, and our love for God and one another are the building blocks upon which all material is established.
