

# Biblical Worldview

## Parent Night/Seminar for Local Churches

With Billy Lord & Scott Davis

### **Purpose:**

*This event is designed to encourage, train and challenge parents and grandparents about what a Biblical Worldview is and assist them in partnering with and supporting the local church in developing students with a Biblical worldview.*

### **Venue:**

As a stand-alone event, it can be held in any venue conducive to a two-hour speaking and music presentation.

### **Program:**

The **Biblical Worldview** Parent Night/Seminar is a two-hour program to engage parents through worship, fun, teaching, media, and biblical principles.

### **Leaders:**

**SCOTT DAVIS**, the founder of Get Real Conferences, is a nationally known comedian, author, radio host, speaker, and singer. He is a graduate of Liberty University and has traveled to all 50 states and twenty-six countries. He uses humor to connect with people and the Bible to teach Biblical principles. He is unapologetic in his commitment to the Bible being the inspired, inerrant Word of God.

**BILLY LORD** is the Get Real Conferences worship leader. He is also a speaker and a featured presenter at the Get Real and One Real Day Conferences. He is a singer & songwriter and has served at several churches as a worship pastor. In addition, he is a facilitator of many discipleship groups and worship workshops. He's shared the stage with Mark Hall of Casting Crowns, Mark Lowry, formerly of the Gaither Vocal Band, and Speaker/Author/Pastor, Andy Stanley of North Point Ministries in Alpharetta, Georgia, among others.

### **Worship**

Billy Lord will lead in several moments of worship throughout the evening. The songs are chosen to get parents to engage with singing and worship.

### TOPICS

#### ***A Biblical Worldview in an Unbiblical Culture***

Scott will present an overview of WHAT a worldview is and how important it is for our personal lives. To be effective biblical Christians, we must read the Bible in order to read the culture. We read the Bible first so we will know how to read the world news next. He will discuss the decline of our cultural norms and how this has affected our children and educational system. He will discuss the Biblical foundation that must start at home. This is not an exhaustive presentation of a Biblical Worldview, but an overview of what it is and how we should filter everything through the Bible.

#### ***Media: To Whom Are Your Kids Listening?***

Billy will discuss the climate in which our children live and how a parent can help guide them through the "mine fields" of media and social media.

#### ***The Gospel Changes Everything***

Scott will discuss the impact the Gospel makes on our worldview, education, and life. He will also share the Gospel and allow parents to respond. We are finding that more and more parents of Christian school children are sending their children to a Christian school primarily for the educational benefit without much concern for the spiritual dynamic. Parents can't lead their families well without Jesus at the center of their families. This principle will apply to all parents of children whether they attend a Christian school, non-Christian school, or are homeschooled.
