

## **Anchored: Avoid the Drift – Licensed Digital Bundle Overview**

This complete licensed digital bundle equips Christian educators with everything needed for personal growth, faculty professional development, small-group studies, or individual use. It is built around Scott Davis's book *Anchored: Avoid the Drift* and the accompanying six-session course.

## **What's Included**

### **1. Course Overview / Syllabus**

A ready-to-use professional development syllabus that outlines the full six-session series. It includes learning objectives, session titles with core focus areas and key verses, suggested delivery formats (full-day PD, faculty meetings, PLCs, small groups, or individual study), and recommended materials. Ideal for administrators, instructional coaches, or teacher leaders planning implementation.

### **2. Full Book – Digital Editions**

- Complete **PDF** of *Anchored: Avoid the Drift*
- Complete **EPUB** formatted for Apple Books and Kindle

The full book contains the Introduction (“How Drift Happens”), all six chapters, Final Conclusion, Discussion & Reflection Guide, and About the Author. Readers can study at their own pace on any device.

### **3. Full Video of Each Session**

Six complete teaching videos (one per session), professionally recorded and ready for classroom, faculty meeting, or personal viewing:

| Session | Title                                         | Video Time |
|---------|-----------------------------------------------|------------|
| 1       | Anchored in Purpose — Don't Drift             | 41:59      |
| 2       | Guarding the Mind — Influenced or Influencer? | 26:19      |

|   |                                   |       |
|---|-----------------------------------|-------|
| 3 | Surrender is Strength             | 49:53 |
| 4 | Leading with Joy                  | 30:59 |
| 5 | Embrace Your Ministry             | 29:56 |
| 6 | Testify — Share What God Has Done | 33:12 |

Each video runs between **26 and 50 minutes**. When you factor in the discussion questions at the end of every session (whether done in a group or individually), plan on **one full hour per session**.

#### 4. Fill-in-the-Blank Notes

Printable (and digital) guided notes for every session. These are designed for active engagement during the videos or group discussion. Participants fill in key phrases, Scripture references, and application points as they watch or listen, creating a permanent personal resource.

#### 5. Bonus: Audio Versions of Each Session

Full audio recordings of all six sessions, ready for:

- Podcast players
- Digital audio players/apps
- Commuting, exercise, or background listening

Perfect for teachers who prefer to absorb the content on the go or who want a second pass after watching the video.

### Session Timing Guidance

Each video is 26–50 minutes long. Adding the discussion time at the end of each session brings the total to approximately **one hour per session**. Schools and individuals should schedule one full hour for every session to allow adequate time for both the teaching and meaningful reflection or group conversation.

### Licensing & Access

Once the initial payment is made, the school or individual receives access to the full course videos for **one full year** from the date of purchase.

At the end of that one-year period, if the school or individual wishes to show or use the course again, they may renew for an additional year at **50% off the current purchase price**.

## CEU Certificates (ACSI Bible Credits)

Schools that wish to award **six Bible CEU credits** through ACSI for teachers who complete the full course must follow this process carefully:

1. After the entire six-session course is completed, the school must submit **one Excel spreadsheet** containing:
  - The full legal name of every teacher who completed the course
  - Each teacher's email address
2. This Excel spreadsheet is **extremely important**. Incomplete or incorrectly formatted lists will delay certificate processing.
3. Email the completed spreadsheet to Get Real Conferences.
4. Get Real Conferences will process the list and return a single PDF containing all individual ACSI CEU certificates for the school.
5. The school then uploads that PDF through its own ACSI school portal so the six Bible CEU credits can be applied to each participating teacher's account.

Only schools that properly submit the required Excel list of names and email addresses will receive the certificates. Individual teachers cannot request certificates on their own.

## Summary of the Bundle

Everything is digital, instantly accessible, and licensed for the purchaser's use in personal study, school professional development, or small-group settings (subject to the license terms). No additional purchases are required for the core experience.

You receive:

- Course overview/syllabus
- Full book (PDF + EPUB for Apple Books & Kindle)
- Six full teaching videos (26–50 minutes each)
- Six sets of fill-in-the-blank notes
- Six full audio sessions (bonus)
- One-year video access with 50% off renewal option
- Clear pathway for schools to obtain ACSI Bible CEU certificates upon proper Excel submission

**Plan on one hour per session (video + discussion).**

**Stay anchored. Finish strong.**
