

Frequently Asked Questions

Is This All In One Day?

Yes! Five (5) Sessions in One Day. Usually, about 8:30 AM to approximately 2:45 PM. This is flexible depending on your school start and dismissal times as well as lunch schedules. The day is encased in fun, humor, worship music, and games. We pack into one day what you would normally have in a spiritual emphasis week.

Can It Be Done Over Two or More Days?

Yes! But it could increase the cost. Having all this in one big day reduces the cost for the host school because there are fewer hotel stays, rental car days, and meal expenses. We are trying to make this cost-effective for any school.

Do We Need To Hire a Worship Leader/Band?

No! Billy Lord, who led worship for nineteen years with Mark Hall of Casting Crowns, will be providing all the worship music for the One Real Day, Parent Nights, and Amazing Adventure Days.

Is It High Energy?

Yes! Students may fear that it's going to be one long 8-hour chapel! However, we keep things MOVING. It's highly interactive and participatory. We use music, games, and humor to keep students engaged.

Can We Invite Other Schools?

For the individual school events (One Real Day for middle & high school, Parent Seminar, and the Amazing Adventure for elementary), YES! You can invite other local schools, depending on your venue and space, to help cover the cost.

Can Students Attend The Parent Seminar?

No! This event is specifically designed for Parents, Grandparents, Stepparents, and Guardians. You can invite parents from the community at large or surrounding churches/schools.

Can We Have All Three Events At Our School?

ABSOLUTELY! Since most of the costs are travel expenses, you can save money by hosting all three events during the same time frame. You may also choose to have them ala carte.

Is This Biblically Based?

ABSOLUTELY! We at Get Real Conferences make NO apologies that we believe the Bible, every word of it, and that the inspired Word of God is relevant for today. In each session, we present an unashamedly Biblical Worldview. We believe everything we say, do, participate in, watch, listen to, etc., must be filtered through God's Word. We want your students to learn to focus their life lens through the Bible and not through social media or other lenses. You can find our complete doctrinal statement online.

How Much Does It Cost?

The cost is calculated on a PER SCHOOL BASIS for the individual schools who host a One Real Day, Parent Seminar, or Amazing Adventure event. No two schools pay the same. Much of the variable cost depends on the travel expenses for the team. To keep it extremely simple, cost-effective, and affordable for any school, we calculate and customize a one FLAT, ALL-INCLUSIVE FEE for each school.

Our School Is Very Small. Are There Options For Us?

A school of 43 students recently hosted the One Real Day event for their middle & high school students. Many schools with under 100 students have successfully hosted an event. Some secured grants, others got business sponsorships; others have had parents underwrite the cost. You can also plan ahead and add this to your tuition. It can be done if a school *REALLY* wants to do it, regardless of size.
